Calculations for Measurements

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Graduation Rate	This is an indicator of the percentage of students who finish the academic program in the exact time (defined in the curriculum of said program) of the total number of graduates in the year. The calculation does not include transfer students.
$Tasa\ de\ Graduación = \frac{\text{Graduates at the exact time of Program X in year T}}{\text{Total number of graduates of program X in year T}}$	
N/A = not applicable to calculate the graduation rate for the graduations considered
